Dear Mr. Rose:

I duly handed the book you sent me to our Superintendent of the Fire Brigade Don Samuel Valde Vergara. He was very much obliged to you for sending it, and asked me to forward you a history of our Fire Brigade written by himself. I am sending you this book by today's mail and trust it will reach you in order as it contains some reliable information which will no doubt prove interesting, not only as regards the Santiago Fire Brigade, but also of other similar institutions in Chile.

With best respects:

Yours very truly
J. Swinburn
